GREAT PRIZE CONTEST ENDS JULY 17—JUST FIFTEEN DAYS MORE OF THE BIG CONTEST

ONLY A SHORT TIME LEFT TO DECIDE THE WINNERS OF THE
LELAND PIANO OR THE TOUR TO THE PANAMA EXPOSITION
AND THE TWELVE OTHER SPLENDID VACATION TRIPS. HUN-
DREDS OF DOLLARS IN PRIZES HANG IN THE BALANCE. PUT
YOUR BEST EFFORTS AND LET YOUR WINDUP BE A
FOURTH OF ALL POSSIBLE SUBSCRIPTIONS.

MAKE YOUR "FAVORITE" A WINNER

SUBSCRIBE OR RENEW YOUR SUBSCRIPTION TODAY. FROM PRE-
SENT INDICATIONS THE OUTCOME WILL BE CLOSE AND
YOUR FAVORITE CANDIDATE WILL NEED ALL POSSIBLE
SUBSCRIPTIONS TO MAKE SURE OF THE PRIZE SHE MOST
DESIRES.

Within fifteen days it will be over and the Interior Journal's big 1st Year and Prize Contest will be a thing of the past. The importance of winning every available moment just now cannot be too strongly emphasized. Bear in mind that nothing great was ever achieved without enthusiasm. The best advice we can offer is to do with might and main what you can do. Put your shoulder to the wheel, push on, keep moving. The race by vigor is always on the side of those with the most votes.

"When the prize is won at last, who will count the laborers' part?" Realize the true value of the remaining time. Your dispirited watch seize and make use of every moment of it. Let there be no slackness, no laziness, no procrastination—don't put off till tomorrow what you can accomplish today.

Who Are Your Friends?

Don't be discouraged at the apathy of so-called friends. In every contest there are a number of contestants who start off with a big spurt which they are unable to maintain. They invariably lose heart and drop out of the race. Now if you get in at this juncture it won't be long before you reach the spot where they left off, and then it is only a matter of getting a few subscriptions to tie the proud possessor of one of these valuable prizes.

Take your pencil and paper, collect your thoughts, put down the names of all prospective subscribers, map out the territory and forthwith start enrolling. It is with all enthusiasm, vim and energy you had on the first day you thought of winning a valuable prize. A "live" candidate doesn't hesitate a moment about entering the race at this time. The votes piled up by some of the leaders do not appear appalling by any means. Those who are low in the race and have been making plans carefully can jump to the top in a few days of patient, consistent and intelligent work.

Who Will Be the Winners?

The next fifteen days will show "who's who, and why." There won't be much question, however, about the "why" of it. Those who stand at the top will be there simply because they have put in the strongest, hardest, most persistent and most effective work. That's the answer to every query as to the reason of anyone's success.

The next fifteen days will also furnish every contestant a pretty fair line on who their real friends are. It will give them an opportunity to "weed them out." You will probably receive support from many unexpected sources and find many more expected to find it. This may be somewhat disappointing but don't mind. If you stop to figure a moment, you can readily see that every contestant is "up against" the very same proposition. Just dig on to the next friend and keep going. You can't afford to allow anything to discourage you now, after you have thus far made the height of folly to get discouraged at this stage of the game. Who are the successful candidates? Always the live, aggressive, never-say-die folks who always go into every thing they undertake with all the vim and determination they are capable of commanding. They throw themselves wholly and heartily into the struggle. They inspire their friends with confidence by their example and keep everlastingly at it. Whatever friend, or friends, entered you in this contest expected you to go through to the end, and your level best to win. If you don't "make good" with them they don't, as much disappointed as you will your. Don't allow this.

Friends—We Speak to You.

Bear in mind that it is still anybody's race. That your favorite may just as well win as to lose if you and your friends and acquaintances will pitch in and make these last few days fairly hum with your industry. Make up your mind that your favorite is going to be one of the winners and then proceed to get out among your friends and acquaintances and hustle as you never did before. Stir up every body who is at all interested in your "favorite's" campaign and get them to help you.

It is really wonderful what an active and widespread interest is being taken in the contest. Nothing can overshadow it in the amount of public interest it is arousing. In all circles in all classes, one hears this contest talked of. So much interest is being taken in it that you will have no trouble in securing subscriptions if you show the people that you are in earnest and want to win.

Second Vote Offer Repeated.

The second big Vote Offer which has been in force for the past ten days will be repeated so that candidates will have another chance to get in their subscriptions under this mammoth vote inducement. The following schedule of votes will be in force until 9 o'clock Monday, July 12th. This is positively your last chance to take

advantage of this big vote offer for the balance of the contest, the vote schedule will be much lower.

LATEST WAR NEWS.

Drafts of the German reply to the American note on the sinking of the Lusitania are in the hands of Emperor William's decision is expected in time for the presentation of the note to Ambassador Gerard on July 5 or July 6. There is little apprehension that complications will arise between the United States and Germany over the sinking of the Lusitania, as it has developed that the ship was carrying contraband; was in the service of the British Admiralty; had refused to heed warnings to stop and attempted to escape. Indications were last night that the United States would take over the Sayville wireless plant.

The drive of the Austro-German armies from Galicia into Poland is daily becoming more formidable. These armies are only 100 miles from the great Russian base near Litzovsk, linked with Warsaw by important railways. Fighting along the Gula Lipa River has not abated. Captures by the Austro-Hungarian armies in June amounted to 194,521 officers and men.

Athens dispatches say the Allies have taken the Turkish stronghold of Kithia, on the Gallipoli Peninsula. German submarines have again struck against British craft in home waters. The Admiralty reports that the Lightning, a torpedo boat destroyer, was damaged by a torpedo or mine, and that fourteen of the crew are missing. The British steamer Lomas and the bark Thistlebank were sunk.

W. T. Waggoner, of Fields, Texas, has purchased from the King ranch at Kingsville, Tex., 3,000 yearling and 2-year-old stock calves at an average of \$47, a total of \$141,000.

Miss Elizabeth Dye,
Danville, Ky.

Among the most active candidates in the big Travel Tour and Prize Contest, none are working harder for the Capital Prize than Miss Elizabeth Dye, the attractive young lady whose photo is given above. Without a doubt she is going to make some of her competitors hustle for the First Prize on July 17th. Miss Dye is employed in the Hub Department Store at Danville and with her courteous and pleasing manner has made hundreds of friends, not only in that locality, but throughout all this section of the state. Her friends say that she is going to take one of the big trips and with a continuance of their liberal support, this prediction may not be wrong. She is making a winning campaign and deserves liberal support from her many friends.

KIDD'S STORE.

Little Frank Jeffers, of Louisville is summing with his chums here. The ancient and venerable Samuel P. Stage is here with a batch of the juiciest this latest and best but with out hope of ever finding a better brand of hair tonic than Ayer's which was used at Plymouth.

Mr. Chas. Edward Bohon and Mrs. Bohon, of Lebanon gave friends and kinfolks a great and most pleasant surprise last week by their visit.

The Interior Journal certainly furnishes a stable band of news warranted of interest which never wears out or is it enterprise of purveyors of red herring and blue fish. The metropolitan often publish special dispatch columns items your readers had forgotten till some enterprising local got in from Sleepy Hollow and wired them from Lancaster.

A bunch of men neighbors met with the Phillips Luke—the world over admiringly and familiarly called "Carpenter" in birthday congratulations last Thursday. Just the numerical order of that day on the calendar would only serve to provoke protests against apparent absurdity and it is folly to try to enter such a "ringer" in the age class. In a thousand years on a thousand similar joyous occasions in a chance assemblage of same number it is impossible that so many vocations, avocations, trades, line of business, occupations and accomplishments could be found.

The gentleman of leisure (loafer) lawyer, dentist, doctor, the doctors' partner and greatest beneficiary the undertaker, his chief assistant the druggist, his apologist and comforter the preacher, the grocer, dry goods merchant, the plumber, the tinner, the government official, the politician, the candidate, the actuary, the underwriter, actor, the raconteur, the electrician, the telephone book, the teacher, the horseman, male man, cattle man, herder, trader, soldier, gardener, tobaccoist, miller, our nation's superlative sucker and the world's greatest benefactor The Modest Farmer, a few hurriedly dashed off, Madam Grundy in many lines, so it can only be said that could Lucullus and Epicurus have joined the banquets the feasts of their days of feasts, lentils and lamb and which peeps rapacized, would be agreed but a present-day kitchen-garden meal for harvest hands in contrast. When dish after dish had been eaten and guests too full for utterance, a silence, serious, solemn, almost funeral was all pervasive in the approaching. "Courses" had been substituted for the conventional wash tapers to designate the host's anniversaries.

The Gross Roads Matrons have half a century "held the age" over all contestants for guestery and gastronomy excellence and Mr. name Carpenter, her cook and her aids are conceded preeminence. May we live to exchange congratulations for T's cheer at least a half century longer—Selah.

Mrs. Bettie Jones, of Mt. Salem, is spending the week-end with Mrs. Wm. McKinney. Miss Priscilla Newburn, is visiting her aunt, Mrs. Rodman Keenan at Harrodsburg.

The tobacco crop looks fine and promises to make a great yield. The acreage is about the usual.

The all-day hourly rains are making both weeds and vegetation grow, but it seems that the former is beating the latter.

Mr. Combest, of the Liberty Roller Mills, was here this week buying wheat for his mill. He engaged several crops.

A large procession followed the remains of Mr. John Dawidowicz to their last resting place in the Hustonville Cemetery Wednesday.

Wheat is making a good yield in this end of the county, and the farmers have much to be thankful for in the way of good crops generally.

Many of our citizens have been notified to move their fences back off the right-of-way of the turnpike, and some of them are sore because they will have to do so.

The old maids and bachelors will give an entertainment at Alcorn's opera house on the evening of July 9th.

The proceeds will go to the Christian church. A splendid attraction is promised and the public generally is invited to attend and help a good cause. Your money's worth is promised.

The death of Mrs. Sarah C. Campbell carried sorrow to the heart of every one who knew the excellent woman. We deeply sympathize with her sons in the loss of man's best friend—his mother. Rev. J. W. Beagle, of the Baptist church, spoke touchingly at the grave Thursday afternoon.

It is an unusual sight to see three or four two-horse wagon loads of chickens, eggs and other country produce pass through here to Mr. Merriam's dealer. He is an extensive produce dealer and is a great help to the housewives of this section. By the way, he is making money out of his business and deserves to do so.

WIN AND LOSE ONE

Stanford Team Get Even Break With Lancaster and Hustonville.

With Hicks pitching superb ball, and at all times given support by his team mates, Stanford easily whitewashed the Lancaster county boys on last Friday at Lancaster. The game was interesting thruout and some fast plays were pulled off. Our boys did not fare so well with Hustonville on Saturday. Hicks, pitching for Hustonville, held the local boys to five hits, while the visitors accumulated ten, coupled with the half dozen errors by Stanford, enabled them to get a lead which Stanford could not overcome. The locals got to faint Saturday for a game with the first team of that place. Following are the box scores of the two games:

MAKES GREAT SPEECH.

Gov. E. J. McDermott Addresses Fair Crowd in Masterly Manner

Considering that it was not court day and the farmers all busy, an unusually large crowd appeared at the court house Tuesday afternoon to hear Hon. E. J. McDermott, of Louisville, present his claims for the Democratic nomination for Governor.

Gov. McDermott is an orator of exceptional ability and was given rapt attention from start to finish and made an excellent impression. Among other things he said that if the Democrats hoped to win, a conservative man must head the ticket. No extremists had ever been elected, as is proven by the cases of Clay, Webster, Blaine and Bryan.

He explained in detail the duties required of the governor and said that their proper performance required training and experience.

He thinks the county unit law, under present conditions, is the best solution of the liquor problem and during the last session of the legislature, he, as Lieutenant Governor did all in his power to amend and perfect the law, and in the appointment of committees on the subject, selected men friendly to the cause of temperance.

The senate, at his solicitation, adopted a rule that abolished the visible work of the lobbyists.

The question of insurance will be before the next legislature for solution and it may prove to be a difficult problem. Insurance can only be had now on account of the fact that it has been agreed to ignore the present law until the assembling of the next legislature.

The question of taxation and other state problems were discussed in a masterly manner.

Gov. McDermott was unquestionably a man of great ability and his speech made him votes.

In addition to the office of Lieutenant Governor, which he now holds, he has represented Jefferson county in the legislature, and was in the constitutional convention, and was one of the most effective members of that body.

KENTUCKY POLITICAL NEWS

Leading Facts of the Past Week

McDERMOTT'S SPEAKINGS.

Paducah, Ky., June 26, 1915.—(Special Correspondence.)—Lieutenant Governor E. J. McDermott spoke here Thursday afternoon to about 250 people. There were present a number of prohibitionists and Republicans, and several Stanley supporters, all of whom, regardless of their choice for Governor, honor and respect Mr. McDermott.

The address was characteristic of the speaker—eloquent and outspoken on the issues he deems paramount in Kentucky today. As in his previous speeches, Mr. McDermott gave his reasons for opposing state-wide prohibition. He served in the Constitutional Convention and helped place in the constitution the provision that enables each county to be a self-governing unit, without interference from outside counties. In the last session of the legislature when the present County Unit Law was passed making the constitutional provision fully effective, Mr. McDermott stood for the Jeffersonian fundamental democratic doctrine that people can govern themselves on such matters better than outsiders can govern them.

In this he agrees with his opponent, Mr. A. O. Stanley, that state-wide prohibition is not an effective temperance measure, but, on the contrary, would take away, without the consent of the governed, that most sacred right of a free people to regulate for themselves within their own county, moral and social affairs, such as the license or prohibition of saloons. He maintains that whenever the people of a county, whose elected officers must enforce the law, if it is to be effective, want to abolish saloons, they can do so under the County Unit Law; and that that prohibition thus obtained will be exactly what the people want. If state-wide prohibition is forced upon the unwilling people of any county, neither they nor the officers they elect will obey or enforce the objectionable law. Such contempt of law is hurtful to the character of the citizenship, and tends to cause disrespect for other laws.

From Paducah, Mr. McDermott went to Marion, Sturgis and Morant, where he addressed rather small audiences, owing to the fact that farmers are busy with their crops.

NEWMAN WITHDRAWS FROM GOVERNOR'S RACE.

Frankfort, Ky., June 25, 1915.—(Special Correspondence.)—The withdrawal of Commissioner of Agriculture J. W. Newman from the race for Governor was somewhat of a surprise to many, although it was conceded that Harry McChesney, backed as he is by the Anti-Saloon League and General Percy Bailey, had much the larger following among the "extra drys." As Mr. Newman expresses it, Evidently Mr. Newman realized that he could not make much headway as a state-wide candidate against the candidate selected by Dr. Palmer, the Anti-Saloon League superintendent, and O. K. D. by Senator Beckham and General Haley.

Although Mr. Newman was the first candidate to announce for Governor, on a state-wide prohibition platform, and had the endorsement of the W. C. T. U., the pioneer temperance organization of the state, the powers that were to direct the campaign did not look with favor on his candidacy. Mr. McChesney was selected as the state and local candidate of the prohibitionists. His headquarters are busy, with a large force of clerks, and ample funds to make an aggressive campaign.

In his card of withdrawal Mr. Newman says he has canvassed in thirty counties, and has concluded that there are only two candidates for Governor who are seriously considered in the race. Though he did not mention names, it is conceded that he meant Stanley and McChesney. Furthermore, he says the Democratic party is facing a crisis that may endanger its success, unless harmony is restored and all unite for victory in November, which he pledges himself to aid in accomplishing. The harmony and unanimity of the Republican platform convention at Lexington this month, at which they reaffirmed the County Unit Law, and declined to take any state-wide "in the tent" with Judge O'Rear and Dr. Bruner pledging their support to the Republican ticket, was a distinct warning that the Republicans are to be in the running this fall, ready and anxious to take advantage of any Democratic mistakes. They believe that a state-wide prohibition Democracy will assure Republican victory this fall. For that reason Mr. McChesney is the prime favorite of Republicans, from Ed Morrow, the sure-thing nominee for Governor, down to the boys in the trenches who hope to get jobs under a Republican administration.

Nevertheless, Mr. Newman declares, like the good Democrat he is, "The Democrats will continue in power in Kentucky, and indicate to the world that Kentucky is behind the National Democratic administration, and in line for the presidential election in 1916."

Some say that Mr. Newman feels that President Wilson's opinion that local option, and not state-wide prohibition, is the proper method of controlling the liquor question, meets the approval of Kentucky Democrats, who

are enthusiastically behind the President in all his great policies.

Mr. Newman is a Democrat of the truest type, and as Commissioner of Agriculture has accomplished greater results for the development of the farming interests of the state than all his predecessors combined. He is a tireless, fearless worker, and has done things worth while since he has been in office.

STANLEY SPEAKS TO RECORD. BREAKING CROWDS IN THE THIRD DISTRICT.

Franklin, Ky., June 26, 1915.—(Special Correspondence.)—Hon. A. O. Stanley finished the busiest week of his campaign to-day at this place, speaking to the largest crowd that has attended a political speaking in this county in years, estimated at 5,000 to 6,000. Enthusiasm was unbounded, and, to all appearance, Stanley men were the only kind of Democrats in Simpson county.

Stanley began the week's campaign at Glasgow, where a record-breaking attendance greeted him. It was the largest crowd that has been in Glasgow since the Civil War. Practically everybody seemed to be for Stanley.

From Glasgow, Mr. Stanley went to Edmonson, Metcalfe county; Brownsville, Edmonson county; and Scottsville, Allen county. Everywhere the attendance was larger than the court houses could accommodate, and windows and standing room were occupied by eager Democrats, notwithstanding the fact that the farmers are behind with their work and in the middle of their harvests.

The masterly appeals Mr. Stanley is making to the people to stand by President Wilson in his splendid leadership of the party is received most enthusiastically. It is apparent everywhere that the people want a business administration, with such a revision of the tax laws as will enable the state to pay off the \$2,000,000 state debt, without laying any heavier tax burden upon the farmer, live stock and other tangible property that now pays the expense of government. Millions upon millions of property that escapes assessment and pays no taxes must be put upon the tax duplicate and made to pay its share of the taxes necessary to pay off the state debt, build good roads throughout the state, and improve the school system by having longer terms in the country and better paid teachers.

The County Unit Law, passed by the last legislature, meets the approval of the people. They do not want to experiment with state-wide prohibition, when under the County Unit system every county can vote out the saloons any time a majority of the people want to do so. The taxpayers do not want to destroy the \$100,000,000 of taxable property in the state that is paying nearly a million dollars a year in taxes, and place upon the farmer, factories, live stock and other property, already too heavily taxed, that additional burden, which would be necessary if state-wide prohibitions were adopted.

Stand by the President and the Democratic platform, state and national, upon which the party has won its greatest victories," meets the hearty approval of the people.

MORROW ADDRESSES A BIG CROWD AT SHELBYVILLE.

Shelbyville, Ky., June 25, 1915 (Special Correspondence.)—In the rock-ribbed Democratic stronghold of Shelby, the Hon. Edwin P. Morrow had a very large attendance to hear him speak last Tuesday evening. Democrats and Republicans, as well as many ladies, turned out to hear him. It was noted that although Mr. Morrow spoke at night, he had a larger crowd than Mr. McChesney had a week before, on County Court day.

Ed Morrow, as he is familiarly called by everybody, is a most attractive speaker, and off the platform is the best handshaker, and wears the happiest smile of any man in Kentucky, and if the Democrats make any serious mistake in choosing their candidate for Governor, many a Democrat will hear Morrow's eloquent voice and feel the magnetic persuasion of his cordial hand when they go into the booth on November election day.

After the speaking, a number of Democrats, and ardent temperance men, met Mr. Morrow, and told him that they agreed with him on the liquor question, believing that the County Unit Law was all that is needed to banish the saloon from any county where a majority of the people are opposed to them. The recent wet and dry election in Shelby county proved to them that state-wide prohibition is not necessary, for they voted out saloons, and the county is now as dry as a bone. At the same time they do not want to destroy the vast distilling properties in the state that pay nearly a million dollars in taxes, for if they do, they will know that to pay those taxes, already heavily taxed, they have to take up that burden in addition to what they now carry, and that without accomplishing anything for real temperance.

With a state treasury already over two million dollars in debt, the taxpayers do not fancy adding another million on account of state-wide prohibition, for they know they will have the whole thing to pay in the end, while the office seekers who are rising the prohibition issue can take it easy. The bankrupt neighboring states of West Virginia and Tennessee, each with a debt of twelve million dollars and state-wide prohibition, are warning danger signals to thoughtful people.

Nevertheless, Mr. Newman declares, like the good Democrat he is, "The Democrats will continue in power in Kentucky, and indicate to the world that Kentucky is behind the National Democratic administration, and in line for the presidential election in 1916."

JAMES P. EDWARDS ANNOUNCES FOR LIEUTENANT GOVERNOR.

Louisville, Ky., June 28, 1915.—(Special Correspondence.)—Hon. James P. Edwards, of Jefferson County, one of the most prominent lawyers in the state, has announced his candidacy for the Democratic nomination for Lieutenant Governor. His platform, briefly, better schools, improved public highways, economy in state affairs, abolishment of unnecessary expensive offices, revision of tax laws so as to relieve overtaxed properties and taxation of such property as now avoids taxation, favors the present County Unit Law for regulation of the liquor traffic as passed by the legislature in compliance with the Democratic platform of 1911, which is the fundamental law of the party, and opposes state-wide prohibition as unnecessary as a temperance measure, a menace to the overburdened taxpayers, and contrary to both the National and State platforms of the party.

Mr. Edwards was a candidate for Lieutenant Governor in 1911, and was defeated by Mr. Edward J. McDermott, the present Lieutenant Governor, now a candidate for Governor, by a plurality of 1,562 votes in the State, though Mr. Edwards carried Jefferson County over Mr. McDermott by over 5,000.

Judge Edwards is a giant physically, being several inches over six feet tall, is a forceful public speaker, a man always with the courage of his convictions, and loyal to his sense of duty in both private and public life.

McCHESNEY IN THE MOUNTAINS.

Middlesboro, Ky., June 26, 1915.—(Special Correspondence.)—H. V. McChesney, state-wide prohibition candidate for the Democratic nomination for Governor, has been speaking in the mountain counties this week. At Middlesboro there were present forty white men, ten ladies, and three negroes. At London, Williamsburg and Corbin, Republicans and Democrats in about equal numbers, and a few ladies, heard him attentively. Republicans generally, who are taking any interest in state politics, think well of Mr. McChesney as a Democratic candidate. (Adv.)

Riches in the Wheat Crop. A billion bushels of wheat will be harvested in the United States this year unless some weather calamity should cut off the crop. The bureau at Washington reports a promise of 693,000,000 over conditions of 92.9 for winter wheat. If the same conditions prevail until harvest time the yield will be around 779,000,000 bushels. The report last year on conditions of 95.6 predicted 730,000,000 bushels, but the final government report was 685,000,000 bushels. The fortune reaped by farmers this year when wheat prices broke the record caused thousands of them to increase their acreage to an enormous extent. The winter wheat increase is nearly a million acres, making a total wheat acreage in this country of sixty million. Wheat is now selling nearly fifty cents higher on the farm than at the same time last year. It is estimated that we shall have upwards of four hundred million bushels for export. This is the one phase of unexpected prosperity for which the war in Europe has been responsible.
